Re: Parma Wastewater Treatment Plant (WWTP)
NPDES Permit No.: ID0021776

Dear Mr. Scheff:

Enclosed for your information is a copy of a draft National Pollutant Discharge Elimination System (NPDES) permit which we propose to reissue to the Parma WWTP, the Fact Sheet which outlines the basis for the permit, and the public notice as it will appear in the local newspaper.

This letter initiates the 60-day period for final state certification action as provided by 40 CFR §124.53. Final action on this permit cannot be taken until your agency has granted or denied certification under 40 CFR §124.55 or waived its right to certify. After the close of the public comment period, we will send a copy of the proposed final permit for your use in completing certification action. The State will be deemed to have waived its right to certify unless that right is exercised within 30 days of the receipt of the proposed final permit.

Technical questions regarding the permit may be referred to Susan Poulsom at (206) 553-6258 or 1-800-424-4372 ext. 6258.

Sincerely,

A handwritten signature in blue ink, appearing to read "Michael J. Lidgard".
